Written Reply to Decision on Petition of 01-28-2 2004 & Office Action of 02-12-2004

By communication dated 12 Feb. 2004 (attached hereto), a Notice of Improper Request for Continued Examination (RCE) was received from the Technology Center.

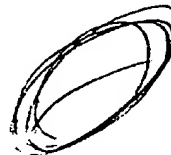

As the treatment of the CPA as a RCE is believed to be an error or mistaken, numerous telephone contacts pointing this out requesting reconsideration and reinstatement of the CPA and forwarding the same to the Technology Center for processing commencing in mid-February till the present day were made with the Petitions Examiner, Ms. Bond. The SPE of art unit 2644 advised on March 27, 2004 that the case had been physically transferred to Petitions branch, apparently for disposition.

Accordingly, the status of our request orally made to the Petitions Examiner that the decision on petition be amended so as to correct the error or mistake in treating the CPA as a RCE, and, in accord therewith, to convert the RCE back to the CPA as originally filed, and to forward it to the Technology Center for examination, and such action, are hereby respectfully requested.

Respectfully submitted,

Anderson *et al.*

ON PETITION

In re Application of :
Troy G. Anderson :
Application No. 09/159,520 :
Filed: September 23, 1998 :
Attorney Docket No. HW-106-CIP :

This is a decision on the petition under 37 CFR 1.135(b), filed January 7, 2004, to revive the above-identified application.

The petition is granted.

The above-identified application became abandoned for failure to reply in a timely manner to the non-final Office action mailed August 14, 2002, which set a shortened statutory period for reply of three (3) months. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the above-identified application became abandoned on November 15, 2002.

The request for a CPA is being treated as a request for continued examination (RCE) under 37 CFR 1.114.

The application file is being forwarded to Technology Center AI, 2644, for processing the Request for Continued Examination under 37 CFR 1.114 filed with the instant petition.

Telephone inquiries concerning this decision should be directed to Latrice Bond at (703) 308-6911.

NOTICE OF IMPROPER REQUEST FOR CONTINUED EXAMINATION (RCE)

The request for continued examination (RCE) under 37 CFR 1.114 filed on 1-7-04 is improper for reason(s) indicated below:

- ☐ 1. Continued examination under 37 CFR 1.114 does not apply to an application for a design patent. Applicant may wish to consider filing a continuing application under 37 CFR 1.53(b) or a CPA under 37 CFR 1.53(d).
- ☐ 2. Continued examination under 37 CFR 1.114 does not apply to an application that was filed before June 8, 1995. Applicant may wish to consider filing a continuing application under 37 CFR 1.53(b) or a CPA under 37 CFR 1.53(d).
- ☒ 3. Continued examination under 37 CFR 1.114 does not apply to an application unless prosecution in the application is closed. If the RCE was accompanied by a reply to a non-final Office action, the reply will be entered and considered under 37 CFR 1.111. If the RCE was not accompanied by a reply, the time period set forth in the last Office action continues to run from the mailing date of that action.
- ☐ 4. The request was not filed before payment of the issue fee, and no petition under 37 CFR 1.313 was granted. If this application has not yet issued as a patent, applicant may wish to consider filing either a petition under 37 CFR 1.313 to withdraw this application from issue, or a continuing application under 37 CFR 1.53(b).
- ☐ 5. The request was not filed before abandonment of the application. The application was abandoned, or proceedings terminated on _____. Applicant may wish to consider filing a petition under 37 CFR 1.137 to revive this abandoned application.
- ☐ 6. The request was not accompanied by the fee set forth in 37 CFR 1.17(e) as required by 37 CFR 1.114. Since the application is not under appeal, the time period set forth in the final Office action or notice of allowance continues to run from the mailing date of that action or notice.
- ☒ 7. The request was not accompanied by a submission as required by 37 CFR 1.114. Since the application is not under appeal, the time period set forth in the final Office action or notice of allowance continues to run from the mailing date of that action or notice.

Note: If a request for a continued prosecution application (CPA) under 37 CFR 1.53(d) has been filed in the utility or plant application (including a previously filed CPA) that was filed on or after May 29, 2000, the request for a CPA has been treated as a RCE because the CPA practice no longer applies to such application. The constructive RCE, however, is improper for reason(s) indicated above.
